<p>\$189.00</p> <p>Inc GST plus *Freight</p>	<p>EasyTune Antenna 240 volt AC BD-11a</p> <p>This is the model that suits most owners and applications. It uses a 240v AC transformer to power the antenna, which may be used with 12 to 240v inverters where the caravan is not connected to the mains supply.</p>	
<p>\$219.00</p> <p>Inc GST plus *Freight</p>	<p>EasyTune Antenna 12volt DC BD-11m</p> <p>This model uses 12v DC as a power source only, and is suitable for applications where you never anticipate being able to use 240v mains supply or an inverter for power. Generally only ordered by customers with a special requirement.</p>	
<p>\$59.00</p> <p>Inc GST plus *Freight</p>	<p>Telescopic Pole and Clamp for Draw Bar BD-12</p> <p>This 3.6 meter telescopic pole and clamp is used to mount the antenna from the caravan or camper's draw bar. Used where you are unable or not wanting to mount the clamps directly to the caravan side. 1.8m collapsed length for storage.</p>
